

HAHLOLWE MORAKE

ASPIRING DATA ANALYST | FINAL-YEAR BSc INFORMATION TECHNOLOGY STUDENT

066 218 2219 | h.morake7@gmail.com | Boksburg, Gauteng

[GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Final-year Bachelor of Science in Information Technology student at North-West University with practical academic experience in data analysis, database design, software development and information security. Skilled in SQL, Microsoft Excel, C#, Python and C++, with hands-on experience using Visual Studio, SQL Server, MySQL, Notepad++ and draw.io. Experienced in supporting students as a Peer and Learning Assistant for Information Security. Recognised for academic achievement as a member of the Golden Key International Honour Society and seeking a graduate opportunity in data analysis, database support, business analysis or a related IT field.

EDUCATION

Bachelor of Science in Information Technology

2024 - 2026

North-West University

Expected completion: 2026

National Senior Certificate

2019

Woodlands International College

TECHNICAL SKILLS

- **Data analysis:** Microsoft Excel, data cleaning, sorting, filtering, formulas, reporting and data interpretation
- **Databases:** SQL, Oracle SQL, SQL Server, MySQL, relational database design and data modelling
- **Programming:** C#, Python and C++
- **Web technologies:** HTML and JavaScript
- **Development tools:** Visual Studio, Notepad++, draw.io and GitHub
- **Productivity tools:** Microsoft Word, Excel, PowerPoint and general Microsoft Office proficiency

EXPERIENCE

Peer and Learning Assistant (PAL) / Student Assistant

Feb-Jun 2026

CMPG215 - Information Security, North-West University

- Facilitated academic support sessions and explained coursework and module concepts to students.
- Responded to student questions relating to assessments, learning content and module administration.
- Shared learning resources, session recordings and relevant academic materials.
- Managed student queries and communicated important module information clearly and professionally.
- Referred academic or administrative concerns to the appropriate lecturer when necessary.
- Contributed to an encouraging, collaborative and accessible learning environment.

KEY PROJECTS

Potch Tool & Equipment Rentals Database

2026

Oracle SQL | Group project

- Collaborated on the analysis, design and implementation of a relational database for a tool and equipment rental business.
- Developed database structures for customers, staff, equipment, rentals, payments, inspections and maintenance records.
- Applied business rules, entity-relationship modelling, tables, constraints, sequences, indexes, views, sample data, joins, aggregate functions and subqueries.

Women's Shelter Allocation System

2025

Visual Studio | GitHub | Group project

- Collaborated on the design and development of a system intended to support the allocation and management of shelter-related information.
- Contributed to requirements analysis, interface planning, programming and project documentation.
- Used GitHub to store project files and support version control and collaboration.

EntrepreneurReady Application Concept

2025

UX Planning | Wireframing | Research | UI Design

- Designed a detailed storyboard and mobile application concept aimed at supporting aspiring entrepreneurs through educational content, quizzes, assessments, business resources and community interaction. The project included feature research, user-flow planning, visual design decisions and the creation of a complete mobile-app wireframe.

Country Club Sign-Up Application

2024

Visual Studio

- Created a membership registration application that captures user details and processes sign-up information.
- Applied data validation, conditional logic and user-friendly interface design.

ADDITIONAL PROJECTS

Calculator, Currency Converter and Number

2024

Guessing Game

Visual Studio | C#, Python and C++

- Developed small applications to practise calculations, algorithms, conditional statements, loops and user input handling.

ACHIEVEMENTS AND CERTIFICATIONS

- Member of the Golden Key International Honour Society.
- Three Sage Certificates of Competence in Accounting, completed between 2017 and 2019.

VOLUNTEER EXPERIENCE

Volunteer

2024

SPCA

- Assisted with cleaning kennels, feeding animals, washing blankets and supporting general animal-care activities.

Volunteer

2019

Santa Shoebox Project

- Assisted with packing, organising and wrapping gift boxes for children before distribution.

CORE STRENGTHS

- Analytical thinking and structured problem-solving
- Attention to detail and accuracy
- Clear written and verbal communication
- Student support and mentoring
- Teamwork and collaboration
- Organisation and time management
- Independent work ethic and willingness to learn
