

HAHLOLWE MORAKE

FINAL-YEAR BSc INFORMATION TECHNOLOGY STUDENT

Boksburg, Gauteng
066 218 2219
h.morake7@gmail.com

PROFESSIONAL PROFILE

Final-year Bachelor of Science in Information Technology student at North-West University with practical academic experience in software development, database design, data analysis and information security. Experienced in supporting students as a Peer Academic Leader and Student Assistant for Information Security, including facilitating academic sessions, explaining coursework, responding to queries and sharing learning resources. Comfortable working with SQL, C#, C++, Python, HTML and JavaScript, supported by hands-on use of Visual Studio, SQL Server, MySQL, Microsoft Excel and draw.io. Seeking a graduate opportunity in data analysis, business analysis, database support, information security or a related IT field.

EDUCATION

Bachelor of Science in Information Technology

2024 - 2026

North-West University

Expected completion: 2026

- Relevant areas include database systems, information security, systems analysis and design, software development, data analysis and web development.

National Senior Certificate

2019

Woodlands International College

EXPERIENCE

Peer Academic Leader (PAL) / Student Assistant

Feb 2026 - Jun 2026

CMPG215 - Information Security, North-West University

- Facilitated academic support sessions and explained coursework and module concepts to students.
- Responded to student questions relating to assessments, learning content and module administration.
- Shared learning resources, session recordings and relevant past academic materials.
- Managed student queries and communicated important module information clearly and professionally.
- Escalated academic or administrative concerns to the appropriate lecturer when necessary.
- Contributed to an encouraging, collaborative and accessible learning environment.

TECHNICAL SKILLS

Programming & Web	SQL, C#, C++, Python, HTML, JavaScript
Data & Databases	SQL Server, MySQL, database design, data analysis, Microsoft Excel
Development Tools	Visual Studio, Notepad++, draw.io, GitHub (basic working knowledge)
Productivity	Microsoft Word, Excel, PowerPoint and general Microsoft Office proficiency

ACADEMIC PROJECTS

Programming languages used across the project portfolio: C#, C++ and Python.

Women's Shelter Allocation System | Visual Studio | GitHub

- Collaborated on the design and development of a system intended to support the allocation and management of shelter-related information.
- Contributed to requirements analysis, interface planning, programming and project documentation.
- Used GitHub to store project files and support version control and collaboration.

EntrepreneurReady Application | Visual Studio

- Developed an application in response to a defined business scenario using structured programming and object-oriented principles.
- Applied user-interface design, input handling, validation and logical processing.

Country Club Sign-Up Application | Visual Studio

- Created a membership registration application that captures user details and processes sign-up information.
- Applied data validation, conditional logic and user-friendly interface design.

Basic Database Application | Visual Studio | SQL Server / MySQL

- Built a database-connected application for creating, retrieving and managing structured records.
- Applied relational database design, SQL queries, input validation and data-processing principles.

Calculator, Currency Converter and Number Guessing Game | Visual Studio

- Developed small applications to practise calculations, algorithms, conditional statements, loops and user input handling.
- Strengthened debugging, logical reasoning and general programming skills.

ACHIEVEMENTS & CERTIFICATIONS

- Member of the Golden Key International Honour Society.
- Three Sage Certificates of Competence in Accounting, completed between 2017 and 2019.

VOLUNTEER EXPERIENCE

Volunteer

2024

SPCA

- Assisted with cleaning kennels, feeding animals, washing blankets and supporting general animal-care activities.

Volunteer

2019

Santa Shoebox Project

- Assisted with packing, organising and wrapping gift boxes for children before distribution.

CORE STRENGTHS

Analytical thinking • Problem-solving • Clear communication • Student support • Teamwork • Attention to detail • Organisation • Willingness to learn
